Danville Pays Tribute to Wilson In Simple Way

The city of Danville yesterday afternoon, united in a simple, earnest yet withal beautiful tribute to the country's late president, Woodrow Wilson, Virginian, patriot and world-figure in a religious service of a memorial character held in the Main Street Methodist church and so timed as to be practically simultaneous with the services at the late Wilson residence and that which followed at the chapel of the incomplete Protestant Episcopal Cathedral at Washington.

A representative congregation which filled the large edifice and almost filled the galleries also attended and participated in a reverential spirit in the following services in prayer, resolutions offered and hymns sung. The composite choir made up of many of the best voices in the choir of various city churches sang three hymns including one or more of those which the late president admired and appreciated. The choir was particularly fitting in any funeral tribute to a man of deep, simple religious faith. No mourning hues draped the church auditorium or the altar and no outward and visible signs were given of the Danville Military Institute, some 50-odd men, rank and file, who marched to the church in formation and, entering, occupied a tier of front pews to the right of the central aisle as one might expect to find them for them by the Rev. Thomas A. Smoot, D. D., pastor of the church. The young men of the Institute were glad of an opportunity to pay tribute as a body to one whom all respected and admired.

The first hymn, sung with spirit and in splendid volume and ensemble by the augmented choir was "The Son of God—Goes Forth to War," a martial hymn of Christianity and one which Mr. Wilson admired.

The pastor, the Rev. Malcolm S. Taylor, read the prayer for the Epiphany and a former Princeton University student during the presidency of Mr. Wilson at that institution, read the Scripture lesson familiar on such occasions.

Perhaps the nearest approach to an eulogy was embodied in the prayer offered by the Rev. Joseph Duglison, D. D., pastor of the First Presbyterian church, the late president's faith. This invocation was noteworthy for its restrained fervor, its chastity of diction and the reverent appreciation of the late statesman. The minister thanked God for the life and example of his deceased servant and prayed that his influence might shape and mold other lives to emulation of Mr. Wilson's.

The choir and congregation then united in the singing of "Faith of Our Fathers," another familiar hymn with an especial appeal for consecration of life and service.

Captain Harry Wooding, for nearly 32 years mayor of this city, a veteran and a soldier of the great American conflict of 60 years ago, then read the following appreciation and pledge, the authorship of which was not stated:

"In view of the following facts:

1. That Woodrow Wilson on last Sunday morning at 11:15 finished his work with and for the citizens of this country and the world;
2. That, at this very hour, in his late home in the city of Washington, funeral services are being conducted;
3. That the passing of Mr. Wilson is a matter of keen universal concern;
4. That Mr. Wilson was a distinctly conspicuous Christian and shining example of devotion to duty;
5. That he gave his life for and fell a martyr to the cause of universal brotherhood and permanent peace;
6. We, the citizens of Danville, Virginia, in memorial meeting assembled, hereby give expression to our feelings and convictions, as follows:

"1. That we will not forget Woodrow Wilson.

"2. That on this occasion our sadness is wonderfully cheered by our joy and abiding sense of victory.

"3. That we give grateful expression to God for this inspiring illustration of the possibilities of human attainment as suggested by wealth or influence.

"4. That the beautiful place Mr. Wilson has won in our hearts and the power of the ideals which he fixed in our lives will never cease to bear fruit.

"5. That in Woodrow Wilson we recognize a concrete and challenging example of the will of God, lighting and interpreting our lives anew to a satisfying sense of unity between the spirit of man and the spirit of God."

"6. That we will dedicate our lives to a courageous devotion to the finest things in citizenship—despising and renouncing the demagogue and hypocrisy, both in private and in public life."

The services were continued with the singing by the choir of the hymn, "Oh, Mother Dear, Jerusalem," after which benediction was pronounced by the Rev. James M. Shelburne, D. D., pastor of the First Baptist church.

Herbert M. Martin presided at the memorial services, an honor bestowed upon him by reason of his acquaintance with the late president, his associate in a college Greek-letter society or fraternity and in recognition of his own exemplary life in Danville for many years.

The closed a tribute which was in large measure a spontaneous outpouring of people to do honor to a man and a life which inevitably elicits appreciation and eulogy from patriotic Americans, particularly.

BOSTON, Feb. 6.—The new scout cruiser Raleigh, built at Fore Rivers yards of the Bethlehem Shipbuilding Corporation, was placed in commission at the Navy Yard here today.

V. M. I. ALUMNI WILL TAKE SOME ACTION ON PROPOSED OUTS

A meeting of the V. M. I. alumni of Danville has been called for tonight at 8 o'clock by the V. M. I. M. C. A. at which time the matter of a cut in the state appropriation for the school and the elimination of the State cadetships will be discussed.

It is understood that the local alumni of the Institute are very much wrought up over the proposed cutting down of the appropriation and the cadetships.

It is probable that a resolution condemning the two propositions will be passed at the meeting, and the resolution adopted will be sent to the General Assembly for consideration when it comes to take action on the recommendations of Governor Trimble in regard to the school.

The reading room is being moved out into the lobby under the new plan after having fitted up a room for their exclusive use. Mr. Whittington is getting well launched in his work with the boys and Boy Scouts and under the new arrangement he will be able to keep in close touch with them.

FORWARD STEP IN ST. LAWRENCE SEAWAY PROJECT

By ARTHUR SEARS HENNING, WASHINGTON, Feb. 6.—A forward step of the greatest importance has been taken toward realization of the St. Lawrence seaway project to enable ocean ships to penetrate to the Great Lakes and provide a direct haulage route for the agricultural and other products of the middle-west.

As the result of negotiations initiated by the American government, Canada has agreed to participate in the project and to provide a direct haulage route for the agricultural and other products of the middle-west.

The Canadian government has given no encouragement to the American advocates of the seaway and it was apparent that powerful groups in the Dominion, including the water carriers, were vigorously fighting the scheme. Now, it is believed here, the situation has changed and eventual endorsement of the project by Canada is expected.

The Canadian government had asked the American government to negotiate a treaty providing for the joint undertaking. Canada, replying in an official public by the State Department tonight, said it is considering further Hughes' proposal but pointed out that the international joint commission, representing both governments, which recommended the construction of the seaway, had proposed that the joint engineering board be enlarged for the preparation of the definite plans.

The Canadian government said it is ready to appoint the additional board "with a view to the accelerated preparation of a final report covering the engineering features of the whole project, including its cost."

The Canadian government then intends "to form a committee which will, in consultation with the Canadian members of the joint engineering board, enquire fully from a national standpoint into the questions involved, and they hope shortly to be in a position to take further action on the proposals" of the United States.

It has been estimated that the project would cost \$22,000,000 and would be paid for eventually by the American government.

VEGETABLE OILS

TARIFF WILL COME UP ON MARCH 7TH

(By the Associated Press.)

WASHINGTON, Feb. 6.—President Coolidge has directed the tariff commission to proceed with an investigation of the entire vegetable-oils tariff schedule. March 7 has been fixed for the preliminary public hearing on the question.

Application for an inquiry into the vegetable oil duties have been pending before the commission nearly six months but an investigation has been opposed from half a dozen sources. Members of the commission apparently have been in disagreement concerning an investigation but whether the instructions from the president which were made known today resulted from an appeal by commission members was not disclosed.

Underworld Nights

by Alexander Herman

NRA SERVICE WRITER

WITH THE SMALL-TIMERS

THEY WERE ALL PLAYING CARDS.

The Underworld is a place of many spheres of influence. It is composed of many sects, of men of different stations, of many nationalities.

Each type is distinctive; each technique different.

In Greenwich Village, just around the corner from a long line of atmospheric places frequented by out-of-towners who want to see New York, there is a short street, on which dwells the Italian mob of the greatest power.

The hangout of its master minds is in a little grocery shop, where the finest oil and table luxuries are sold in the front part of the store, and the most expensive bootleg liquor in the back.

The owner of the place was not in when we called. He had just been arrested while hauling a \$75,000 liquor load across the state line. His brother was running the shop, and he wasn't very friendly.

A false move, or a false word, would have brought a quick squelching. For each of the men in the little place was heeled.

Later in the night, when we passed the place again, we saw a row of limousines from the fashionable uptown lined before the shop. Their owners were inside getting supplies. But they did not know that they were getting their stuff from

men who probably have their mark for further business some day.

But the mob proper hangs out in a little coffee shop.

It is not much of a place—just a store, with sawdust on the floor, round tables, reminiscent of the old days in the back part of a saloon, and a little bar where coffee and soft drinks were served.

For liquor is reserved for the leaders; except on special occasions.

The men were little more than boys—small, lithe and shifty-eyed. They were all playing cards—pinocchio for the most part. They invited us to join them when they found out that we were blot.

They were a good bunch, and kindly.

But when ordered on a job, they are most relentless in their work. Everyone is an expert with a razor or stiletto. And each is ready to use the slightest provocation. It's his chief stock in trade.

NO ONE WILL PURCHASE LARGE SIZE PAINTINGS

LONDON, Feb. 6.—Large canvases painted by old masters to hang upon the spacious walls of the rich man's mansion are hard to sell in these days of apartments and small hotels. Bond Street dealers say the demand is almost entirely for small pictures, so that prices frequently are in inverse ratio to size.

Post-war social changes are held responsible for the poor market according to huge masterpieces with their many yards of canvas. Scores of country man rulers and their families, are the newly rich, who have been occupied with the money-making to care about art and most town-houses are already overfilled with furniture and ornaments.

If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfil the promise made particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by Postal Note. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention this paper. Large and medium size bottles for sale at all drug stores.

"HAUNTED CASTLE" IS FILLED WITH FUN

As on the first night, the performance of Billy Leroy's Broadway Review last night at the Majestic theatre was enthusiastically received, the abundance of applause being evidence of the popularity of the show. "The Haunted Castle," a blackface bill, presented a great amount of fun last night. The show has several admirable features. The comedy is good, the singing clever and the songs catchy. The accordion and microphone act won hearty applause, also the quartet. The chorus is a lively one and adds much pep to the show. A special feature is the special scenery carried by the company, this tallying with the special acts, calling for it. A magician provides quite a little entertainment for several minutes. In all the show may be considered good. A repetition of today's program will be given today with a complete change on Friday.

How to know "cured" fertilizer

Great bins of Royster Fertilizer "cure" or "age" for months so that your results from its use will swell the earnings from your land.

How can you tell Royster's "cured" Fertilizer from fertilizer that has not been aged? The greatest difference is seen in the more profitable crops grown by the cured fertilizer, but there is a difference even to the untrained eye!

After the first mixing, Royster's goods are placed in great bins where they age from four to six months. They are then re-milled and bagged.

The fine grinding of the ingredients and the close association of the

plant-food elements bring about a more complete chemical action during this aging, making a fertilizer which is readily available to the plant from seed time to harvest.

The curing and re-milling are two of the reasons successful farmers say "Royster's helps to make bigger and better crops."

Don't buy fertilizer in a hit or miss fashion any longer. Put your faith in the old, well-known Royster reputation and ask for Royster's Fertilizer by name.

HOW DOCTORS TREAT COLDS AND THE FLU

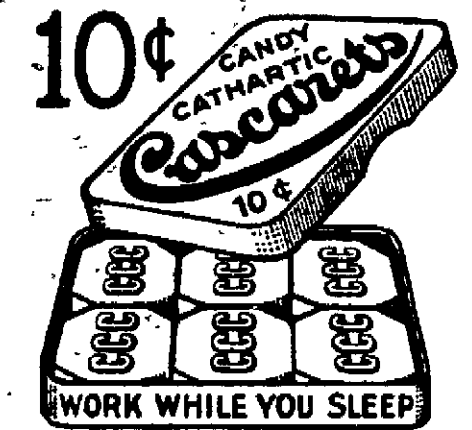

First Step in Treatment Is Calomel, the Purified and Refined Calomel Tablets That Are Nauseous Safe and Sure.

Doctors have found by experience that no medicine for colds, coughs, sore throat and influenza can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the nauseous safe and sure Calomel tablets called Calomels, which are free from the sickening and weakening effects of the old style calomel. Doctors also point out the fact that an active liver may go a long way towards preventing influenza and colds and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia.

One or two Calomels at bed time, with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine, with a hearty appetite for breakfast. Genuine Calomels are sold only in original sealed packages, price thirty five cents for the large, family package; ten cents for the small, vest-pocket size.—adv.

SICK WOMAN MADE HAPPY

Entirely Restored to Health
by Lydia E. Pinkham's
Vegetable Compound

Mart, Texas.—"I have taken Lydia E. Pinkham's Vegetable Compound to build me up as I was all run-down, nervous and sick. I shed and hurt all over so that I was often unable to get to bed, and I had to do most of my work done. No medicine seemed to help me until one of my neighbors who was taking the Vegetable Compound insisted on my trying a bottle of it. The medicine helped me from the first, and the best of all is that I can even begin to get out of bed now. I am feeling fine and I used to take cry with such a low feeling that I cannot explain. Now all that has left me, I feel so cheerful, and I have gained in weight, sleep well and eat hearty. Oh! I wish I had words to express what the medicine has done for me! I am a housewife and do every thing from the cooking, the washing, the cleaning of the house and everything else that a woman can do. You may now and then hear in any way you wish, and I will be glad to help any suffering woman with the good of health and happiness. Mrs. R. P. Bessant, 424 Third Ave., Mart, Texas.

REBEL LEADER FLED TO TUXPAN MESSAGE SAYS

Huerta Sets up Government
Following Hasty Retreat
From Vera Cruz.

(By The Associated Press.)
BROWNSVILLE, Texas, Feb. 7.—General Adolfo de la Huerta has moved the capital of revolutionary government to Tuxpan, Vera Cruz, going to that port, according to his staff, on the Agulla, Oil Company boat, according to a radio to The Associated Press.

All revolutionary forces have left Vera Cruz today.

The wireless from Vera Cruz said there were no cases of looting in the city yesterday. The customs house, telegraph office and other public buildings were closed. A few business houses were open. Federal forces are not expected to occupy Vera Cruz until Saturday owing to the necessity of repairing the railroads, torn up by rebels.

War ship Richmond, rides at anchor at Vera Cruz, is said to have given city officials assurance that it will aid in suppressing any lawlessness, said the radiogram.

Experiment Today On First Lethal Gas Execution

(Associated Press Leased Wire.)
NEVADA STATE PRISON, CARSON CITY, Nev., Feb. 7.—The first lethal gas execution in which two men have been sentenced to die Friday morning, was to take place in the death chamber in the prison yard today.

A cat will be the victim of the experiment and the experts supervising the execution will endeavor to learn how quickly the cat dies and whether the arrangements for releasing the hydrocyanic vapor afterwards are satisfactory. Only the warden and the experts will view the rehearsal.

Four prison guards sent in their resignations to the warden today. They said they were unwilling to have any part in the execution. The men who are to die Friday are Geo. Jon, Chinese tong slayer, and Thomas Russell, American-born Mexican, convicted of killing his Indian sweetheart.

Necessary precautions have been taken, the warden said to insure the safety of executioners, attendants, prisoners and spectators. No gas masks will be worn. Once the gas is pumped out of the death chamber, Walker exclaimed, it would float harmlessly over the prison walls.

Other prisoners will be kept in their cell during the execution. The witnesses will view it through a window. The condemned men will then participate in the procedure.

Russell's life is given as 22. The Chinese is said to be very nervous. He spends his final hours brooding in solitude.

Navy and Army Won Yesterday

Twenty-eight boys turned out for the class league games yesterday for the T. M. C. A. This is perhaps the largest number of intermediates that has reported for class on any day in the local T. M. C. A. history. It was an enthusiastic crowd of boys each rooting for his team to land the game.

The Navy with Captain Day in charge led his crew to victory over the Aviators with Captain Hinton Gwynn leading by the score of 27 to 10. Capt. Gwynn's team run out of gas and had to make a forced landing in his enemy territory and was taken into camp in rather easy fashion. Day and Blair led the attack for the Navy while J. D. Gwynn with his field goals was high scorer for the Aviators. The line up:

Aviators 10 Navy 27
Hughes F. Rodgers
H. Gwynn C. Blair
Watson G. Day
J. D. Gwynn F. Ruer

Weber F. Jennings
Field goals: Watson 1; J. D. Gwynn 2; Rucker 1; Day 3; Blair 3; Rodgers 2.

Foul goals: Hughes 1 out of 2; H. Gwynn 0 out of 6; Tinsley 3 out of 4; Rucker 0 out of 1; Day 2 out of 2; Blair 1 out of 2; Rodgers 2 out of 2.

Substitutions: Tinsley for Watson; Yates for Jennings; Meyers for Rodgers.

Rev. John Rustin refused both intermediate League games and gave some instructions on clean playing, the Army and Navy continued. The Marines who had eight men ready to play, came out with flying colors by the score of 17 to 3. Capt. Giles had every man on his team present, a fine showing, but the numerous changes he was forced to make and a tendency to take long shots caused his team the victory, however, the Marines are due for a winning streak and they did in previous games. Capt. Dyer had his Army team in their best form with some clever passing and shooting by Tucker, Reeves and Clark, enabled them to overcome the 7 to 10 lead of their opponents. The first team to pile up a margin for their team, the lineup:

5 MEN, 5 CARS WITH 385 GALLONS CAUGHT IN HENRY

(Special to The Bee.)
MARTINSVILLE, Va., Feb. 7.—Two Henry county officers last night, single-handed, arrested five men, seized five automobiles and captured 385 gallons of liquor in one of the largest rum hauls recorded in this section for a long time. The officers making the arrests were State Probation Officer B. A. Anthony and Federal Prohibition Officer M. Riddle. The two officers in some way receiving word that a train of liquor-carrying cars would come out of Patrick last night and having guessed the route they stationed themselves at the overhauled bridge near Ridgeway, the road leading to Price, N. C.

One of the cars seized was a decoy and when it tried to dash by a shot was fired at it. The tender was penetrated and the machine halted, the occupants being uninjured. Despite the fact that the men engaged in the venture outnumbered the officers they made no resistance and the two officers keeping the group covered brought them to Martinsville. The men arrested charged with transporting ardent spirits are M. T. Davis, John Kerns, and A. G. Simmerman, all of North Carolina, and Carter Dettridge, also of North Carolina, were arrested for aiding and abetting in the venture. The liquor was contained in tin cans and made a formidable showing here this morning. The cars, all of them old machines, were three Dodges, one Buick and one Cleveland car.

All of the men are in jail awaiting a hearing. The men, it is understood, refused to say where the liquor came from but judging from appearances it came out of Patrick.

CLAUSE TO PROHIBIT TAX EXEMPT SECURITIES TAKEN UP

(Associated Press Leased Wire.)
WASHINGTON, Feb. 7.—The house today began consideration of the amendment to prohibit the issuance of tax exempt securities and the tax scheme suggested by Secretary Mellon. The house will vote on the measure tomorrow. The committee had before it for formal ratification the new revenue bill which includes a new schedule of tax rates and a provision to cut 1923 income taxes payable this year by 25 per cent.

Eight hours of debate was allowed for the amendment resolution under a special rule adopted by the rules committee and a vote on the measure will not be reached until tomorrow. Determined opposition, largely from the Democrats, developed against the resolution, which was adopted by the house last year but was not voted on in the senate. In view of this, proponents of the amendment, including representative Green, Republican, Iowa, its author were apprehensive of its passage.

A resolution in effects grants the government power to the securities tax rate and likewise would permit city and state governments to tax federal securities. Secretary Mellon has estimated that about \$1,000,000,000 would be lost by the revenue bill. All of the income tax rates proposed by the treasury were placed in the bill by the Republican committee. They had agreed to split the rates as a unit, but the Democrats, in the face of solid Democratic opposition, which has held out for lower normal income tax rates and higher surtaxes than favored by the treasury.

(Special to The Bee.)
SOUTH BOSTON, Va., Feb. 7.—Some 1500 persons attended the memorial exercises for Woodrow Wilson at Princess Theatre, the largest auditorium in town. Services were held at three o'clock and lasted for an hour. The mayor on Monday issued a proclamation asking that all business houses of every description close during the hour of the service and he reported this morning that so far as he could learn every concern in this town complied with the terms of the proclamation. The service was held at three o'clock and lasted for an hour. The principal addresses were made by Rev. C. W. Maxwell, pastor of the First Presbyterian church, who spoke on the spiritual and religious phases of the former president's life in a striking manner. The layman's eulogy and visualization of Wilson was made by W. B. Settle, attorney and former service man, who also made a splendid address. The service was followed by a religious service led by Rev. J. G. Unruh and the Scripture reading was by Rev. R. R. Phelps, Dr. T. Ryland, Sandford offering a fervent prayer. Hymns sung during the service included "The Power of Jesus' Name," "The Son of God Goes Forth to War," "Faith of Our Fathers" and "Onward Christian Soldiers."

Mayor Wihorn presided at the service which was attended by many prominent men throughout Halifax.

The police declared that they were sure the place had been in operation as a distributing center for bootleg liquor, as neighbors said trucks had been coming and going long before Butler was appointed director.

Convicted Negro Removed to Pen On Judge's Order

Oat Gilbert, Franklin county negro who had a narrow escape at the hands of late farmers at Rocky Mount on Tuesday night soon after he had been sentenced to serve twenty years in the state penitentiary for an offense committed against a white girl passed through here last night on his way to the penal institution. He arrived on the Martinsville bus at 6:40 and was lodged in the local jail being kept there until midnight when Deputy Sheriffs C. W. Ray and H. T. Absher removed him to the Richmond train where he was made secure. He was brought to Danville as a measure of precaution. It was known that sentiment continued to be marked in Rocky Mount and in order to remove the temptation of any demonstration before the Martinsville jail, Judge Dillard gave instructions for the negro to be removed to Richmond without further delay.

The officers recounted a thrilling experience in getting Gilbert out of the Rocky Mount jail when anger towards him was growing and while a crowd was gathering. He was taken through back lots and yards to a point some distance from the town while Sheriff Hodges secured an automobile for the purpose of carrying the negro away from that section. Persons identified with the crowd, however, seized the car and filled it with kerosene and waste it being necessary for the sheriff to secure by quiet means another car which was used in taking Gilbert to Martinsville.

It had been planned to carry him to Roanoke but the sheriff heard that the road was posted and that interception was likely.

Committee Agrees In Principle With Klansmen's Request

The council committee on public welfare at its recent meeting gave careful consideration to the request recently made by the Danville Ku Klux Klan asking for an ordinance which would compel the monthly physical examination of all food handlers in Danville in order to protect the public from contagious diseases. The petition from the Klansmen was presented to the council at the last meeting and was referred, as all such petitions are, to the proper committee which, in this case, was that on public welfare.

The committee is said to have expressed itself fully in accord with the principle of the Klansmen's request but to have found upon investigation that it would be too large an undertaking for the city health department to undertake at the present time.

Leyer was second and Scholz third in each race.

The committee also pointed out that there is an existing ordinance which partially covers the problem which it does not call for periodical examinations. The committee members are on record as willing to give immediate attention to any reports filed with it as to the unfitness of individuals who might be named by the Klan or any other person.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric and deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allenru, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. FASHION NOTES

CAP AND RIBBON.
Some of the newest and smartest hats are not much more than a cap with a twist of ribbon falling off one side. They fit very neatly over the close shingle bobs.

BUCKLED CORSETS.
Some of the most luxurious corsets are made of flesh colored chiffon over flesh tinted silk and they fasten on one side with a buckle.

DECORATIVE SCARFS.
There are many things you can do with the decorative scarfs of this season. In many cases they form the only decoration allowed on the straight tube-like frock.

DECORATED LININGS.
Decorated linings are the most striking feature of many suits, particularly in costume suits where the theme of the design exploited in the human bodice is carried further in the lining.

CURTAIN MATERIAL.
Toile de Jouy, a fabric hitherto more popular for curtains and upholstery than for personal use, has recently become a favorite for frocks and even coats.

An Intimate Story of Innermost Emotions Revealed in Private Letters

LETTER FROM LESLIE PRESCOTT TO LESLIE PRESCOTT, CARE OF THE SECRET DRAWER

I wonder, little Marquise, so much about you. I wonder if life was so complicated in the day when you put your letters from your lover, the king, in this little secret drawer. Oh, I wish you had not destroyed them. That one letter to me, who found its secret hiding place inside the beautiful desk, told so much and so little.

I often smile to myself, little Marquise, when I sit here and write. I wonder what my mother-in-law would think if she had known that, reposing in this desk that she loved so much and which she gave me as a wedding present, was a confession which told you were the sweetheart of a king.

She is a Puritan, my dear, and she believes absolutely that every woman who breaks the Seventh commandment should be stoned. She has forgotten all about the blessed Savior saying, "Go and sin no more." She has never learned that there are commandments which say, "You must not bear false witness," for she is a gossip old thing, you know, and she tears her neighbors' characters, when they do not measure up to her standard, into little pieces.

I couldn't say this to anybody but you, little Marquise, for in the last day or two she has been very nice and offered to make up her quarrel with me (I never had one with her). She has invited me and little John Alden Prescott, Jr., to visit her. It is a good deal for her to do and although the very thought of staying in that dusty old house and listening to her old-world formula of human conduct makes me almost physically ill, yet I have told John I would go.

I had planned to leave tomorrow, but last night Ruth came up as John was going out to a business dinner and told me all the gossip she had been hearing of the plan by which the Acme Advertising Company hoped to get back at the bill poster company.

"It doesn't make any difference," said Ruth, "if Jack is perfectly innocent in the matter. He is going to get the entire blame."

"Certainly, my dear, you cannot go away at this time," she added, "it will look as though you were jealous."

It was then, little Marquise, that I decided to tell you what I knew was the truth. I said to her, "Why should I be jealous of Jack? You do not know, Ruth, that the father of little Jack is Sydney Carter, and his mother is Paula Perier. I have known this for a long time."

"Did Jack tell you that?" asked Ruth quickly.

"No, dear, but everything that he has told me confirms what I suspected in the matter."

"Aren't you afraid, Leslie, that Miss Perier will want her baby back, now that she is able to take care of it?"

I almost fainted. That thought had never occurred to me.

BURNING FAMOUS OAKS.
PORTSMOUTH, Feb. 6.—The royal oaks of Portsmouth, which fringe various avenues often traveled in the past by German rulers and their families, are threatened with destruction. The authorities say the trees have outlived their usefulness, that many of them are diseased, and that the municipality would realize quite a sum if they were turned into firewood.

Members of former royal families who still make their home in the Portsmouth palaces have joined with citizens in protesting against this plan, and assert that all the trees should be spared.

One Reason for Nervous Disorders

YOUR doctor can tell you that nervous disorders are very common among Americans. One reason for this is found in the fact that they are great coffee drinkers.

Coffee contains caffeine, a drug, prescribed by doctors as an emergency stimulant for the heart and nervous system. It has a tendency to increase blood pressure, develop heart irregularities and cause digestive disturbances.

If you feel that coffee is not good for you, serve Postum as your meal-time drink.

CAMBRIA STEEL TO SEEK RESCINDING OF RECENT MERGER

(By The Associated Press.)

NEW YORK, Feb. 6.—A group of minority of stockholders of the Cambria Steel Company told filed suit in federal court asking that the recent merger with the Bethlehem Steel Corporation be set aside, that the Cambria properties, said to be worth \$360,000,000 be reconveyed, that a receiver be appointed for the Cambria and that the Bethlehem Steel Corporation make an accounting. The technical defendants are the Cambria Steel Company, the Bethlehem Steel Corporation and its subsidiaries and the Guaranty Trust Company of New York. The petitioners that the transfer was "the result of a conspiracy" and therefore "fraud and illegal." They allege the transaction was not a sale, as no cash consideration was involved, and that "Cambria's officers and directors by virtue of their very position and source of appointment could not, and did not act as trustees for Cambria's own interests, but betrayed those interests."

The petitioning stockholders, Edward S. Graves, of St. Paul, Walter G. Graves, of Cleveland, Arthur C. Graves, of New Haven, Mary C. Graves, of Bridgeport, and A. Margjoria Graves of Milford, Connecticut, represent the counsel said, about one-half of the outstanding minority stock.

New Way to Relieve Rheumatic Pain Quickly, Discovered by Famous Italian Physicist

No Medicine to Take. Speedy Relief Guaranteed by Local Druggists

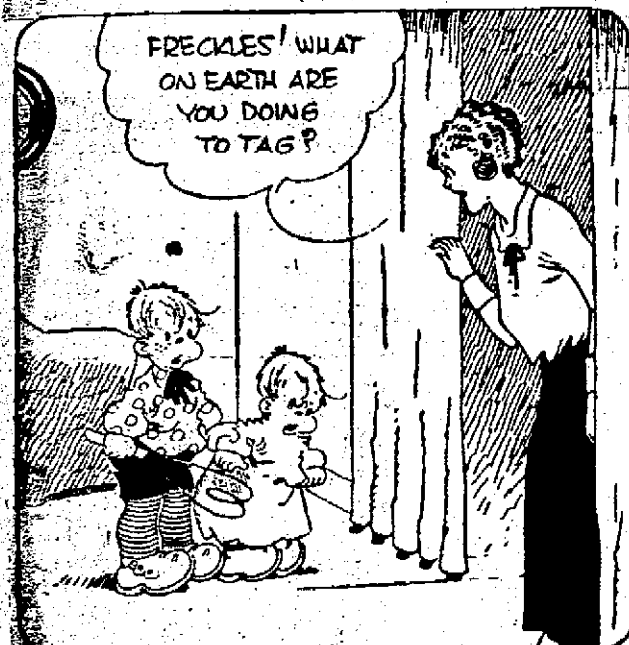

After exhaustive research into the use and treatment of Rheumatism, science has at last discovered a safe, external treatment which has quickly relieved thousands of chronic sufferers from their torturing pain. Dr. Alessandro Volta, the famous Italian physicist for whom the electric volt was named, has discovered a scientific combination of certain ingredients that produces a fine powder which, when shaken into the shoes, seem immediately to be absorbed into the blood through the myriad pores of the feet. This is due no doubt to the fact that the soles of the feet contain 16 times as many pores to the square inch as are found in other parts of the body. He has called this powder VOLTA.

The use of Volta powder has demonstrated such astonishing results in literally thousands of cases, many of which were considered hopeless, that the American distributors have authorized local druggists to dispense Volta to rheumatic sufferers in their city with an unqualified guarantee to return the full purchase price of the first box in any rare case where the rheumatic pains are not wonderfully relieved.

All who suffer from rheumatic pains, no matter how long-standing, their case may be, should take immediate advantage of this liberal offer. You can get Volta powder with this guarantee from A. W. Jacob & Co., Booth's Drug Store, J. C. McFall's Drug Store, Frank McFall's Drug Store, —adv.

MORNING STOCK LETTER

Thompson & McKinnon. The corporate reports that are coming substantiate all the favorable forecasts that were made during the latter half

of last year. Goodyear shows a big increase in business. The Republic Iron and Steel Company makes a wonderful showing and so does General Motors in its preliminary report. And, incidentally, the head of a large automobile company says there will be more cars sold this year than last. I don't think he is exaggerating at all. The fact of the matter is that we have a prosperous people and that means good business. There is going to be a big loan placed here for Japan. There will be more of these loans because we have the gold here and in addition we have the products that other nations want—a wonderful combination.

Looking at the future from any angle, I can see only favorable conditions and the worst that can happen is an occasional setback.

MORNING COTTON LETTER

Thompson & McKinnon. NEW YORK, Feb. 7.—Liverpool has been relatively stronger than New York for the past ten days but is beginning to show a little easier tone and of their midday market we should open about ten points lower. I am not friendly to the market this morning and think the bulls are leaning against the wall. Prices are out of line with dry goods and it would not surprise me to see a decline of some magnitude within a short time.

Dan Dobb's Daily

VOL. 1—NO. 24. FEBRUARY 7, 1934. PRICE: 1 SMILE

JAPS PLAY SAME AS WE DO

DIET PRETENDS IT IS CONGRESS

The Japanese Diet is following our Congress very closely, so closely that they had a fight. Some Jap threw a glass at the Jap speaker. While now a quaint old American custom, this still carries out the prevailing spirit in our Congress.

The glass missed the speaker. That is the only difference. If it had been thrown in our Congress it would have hit the speaker.

Now a change of Diet has been ordered in Japan. Maybe somebody was feeding the members on raw meat.

CONTEST

Dan Dobb is offering prizes for words.

Prizes being offered by Dan Dobb for the six most important words in the English language will be awarded when the six words are found.

Thousands are entering the contest. Here are some more suggestions.

Madam, I have reduced your rent. "The jury finds him not guilty." "Young man, you deserve a raise." "Four aces is what I have." "I pronounce you man and wife."

DAN DOBB SAYS

I carry my girl a box of chewing gum instead of candy. She gets more mileage out of gum.

EDITORIAL

Magnus Johnson called a writer in the Senate press gallery a liar. The writer, in more polite words, suggested that Magnus was a liar. We don't know which was right, maybe both were.

FILIPINOS TO GET BIBLES IN THEIR NATIVE TONGUES

MANILA, Feb. 7.—The earthquake and fire in Japan last September were the cause of bringing to Manila the largest individual undertaking in the printing order ever undertaken in the Philippines into type every word of the Bible in seven Philippine dialects for the American Bible Society.

Prior to the earthquake the printing for the American Bible Society in the Philippines was done in Japan. The plant at Tokyo was destroyed.

The contract for the typesetting, which requires about 24,000,000 ems, was signed today by E. C. Moore, manager of the Sugar News Press and Rev. G. B. Cameron, manager of the American Bible Society in the Philippines.

The work will be done on a single linotype, which will be operating 14 hours a day by 14 men working eight hours a day each. They will be busy for the next year and nine months. More than 31,000 Bibles are included in the first order.

The seven Philippine dialects are Tagalog, Ilocano, Pangasinan, Cebuano, Bisayan, Samaritan and others.

Measure to Limit Women's Working Day Strikes Snag

(Associated Press Leased Wire)

RICHMOND, Va., Feb. 7.—Legislation to limit the working day of women of Virginia to eight hours struck a snag in the house of delegates committee on labor and poor today when a report was made that the Jones-Fain-Young bill had been indefinitely postponed.

The measure was voted on in executive session by the committee last night after representatives of the several women's organizations and manufacturers had outlined their views.

Mrs. Adele Clark, president of the Virginia League of Women voters, urged approval of the bill and was opposed by Commissioner Hall and W. Collins chairman of the state federation of labor.

J. H. Johnson, Lynchburg, manufacturer, was among the other witnesses appearing in opposition to the measure.

WALSH SMOKES A "GASPER"

(By the Associated Press)

LONDON, Feb. 7.—Attired in flannel trousers, navy blue blazer, fawn collar and black tie, the Prince of Wales recently took the leading part in the eighth birthday festival of "Talbot House," opened at Poperinghe during the war for the spiritual welfare of young soldiers.

The headquarters of the society is now in the church of All Hallows, Barking, and here is the carpenter's bench used as a communion table in Flanders, from which 20,000 soldiers partook of the sacrament during the war. The prince unveiled and lit the "lamp of remembrance," one of which burns in a shrine at every branch of the brotherhood.

The birthday party was partly informal. The prince and the Duke of Devonshire drank coffee at one of the stalls, smoked "gaspers" and chatted with the soldiers, and there was singing in which the prince joined heartily.
